1. He will be placed in the CDL Heavy Truck Driver/Heavy Equipment Operator Title and receive an increase in his hourly rate to the rate that is closest to his existing rate as Laborer.
2. The years of service that he has as a Laborer at the time of the promotion does not apply when placing him in the new Step, as he is placed by the pay rate that is closest to his current rate of pay and not by the Step he currently holds.
3. He will then continue in the new Step until he reaches the required number of years of service with the Township in the new Title and Step before being eligible to proceed to the next Step in the Pay rate system for the CDL Heavy Truck Driver/Heavy Equipment Operator.
4. Although the employees' movement in a Step during promotion, changes his service years in Title, it does not change his permanent date of hire with the Township for the purposes of calculating any other benefits in the contract that reference years of service such as: calculation of vacation time, sick leave, health care or pension eligibility, longevity pay, seniority, layoff, recall etc., and the employees' permanent date of hire will be applied for those benefits no matter how many increases or decreases in Title and Step occur.

Example: Employee hired on or after 1/1/14 is a Laborer at Step 3, his hourly rate is \$14.85 per hour. The employee is promoted and placed in the CDL Heavy Truck Driver/Heavy Equipment Operator Title at Step 2 and paid the rate of \$16.00 per hour, which is the rate that is closest to his existing pay rate of \$14.85 per hour as a Laborer. Upon completing the required number of years of service in the new Title he will be eligible to move to Step 3 and receive the Step 3 pay rate. The number of years served in a Title does not change the employees' permanent hire date for all other benefits in the contract.

Section 2. Classification - The range of pay for the positions covered under this agreement shall be listed in Schedule I. If the Township determines the need for a reduction in the workforce it shall comply with Civil Service Rules and Regulations.

Section 3. Higher Rate- When an employee performs work in a higher classification than his own, he shall be paid the higher rate for all hours worked in the higher classification.

For Laborers hired on or after 1/1/14:

A Laborer who has a CDL may at times perform work in the higher title of CDL Heavy Truck Driver/Heavy Equipment Operator for short periods of time when a permanent promotion to the higher title is not required as the employee is not performing the higher title work on a regular basis. When the work is performed the employee is placed at the same CDL Heavy Truck Driver/Heavy Equipment Operator Step Level that he currently holds as a Laborer. The employee is then compensated at the CDL Heavy Truck Driver/Heavy Equipment Operator pay rate for that level. He is paid for all hours worked in the higher title. When the higher title work is no longer required the employee returns back to his original Step and pay rate of Laborer.

Example: Laborer is currently at Step 3 at \$14.85 per hour, he performs the work of the higher title and is placed in Step 3 of the CDL Heavy Truck Driver/Heavy Equipment Operator Title at the pay rate of \$18.00 per hour. Upon completion of the higher title work he is returned to Step 3 Laborer Title at his pay rate of \$14.85 per hour.

Section 4. Special Rates – Applies only to those employee's hired prior to 1/1/14

- A. When an employee performs work using the Bucket vehicle he shall be paid an additional \$2.00 (two dollars) per hour for every hour worked in addition to his regular hourly rate, and/or his overtime rate. The employee must have approved training from the Supervisor or equivalent, and must have approval from the Supervisor to perform the work prior to using the Bucket vehicle.
- B. Operation of the sweeper shall not entitle an employee to an additional rate increase such as is required for operation of the bucket vehicle. Refer to Article V, Section 9 for pay rates when an employee performs work with the Sweeper.

Section 5. In the event the New Jersey Civil Service eliminates any job title which is currently in the bargaining unit and workers are placed into either an existing job title or a newly created job title, the employer agrees to negotiate over the wage rate of the job title(s) in which workers are placed if there is no wage rate to cover that particular title. Such negotiations will only be concerned with the wage rate for the newly created title and will have no effect on any existing rates in the salary scale. Additionally, in the event that two or more existing job titles which are currently paid at different rates are consolidated into one title, the pay rate of the highest rated job shall become the wage rate for the consolidated title.

Section 6. All employees shall continue to move through the Titles, Steps and hourly rates as well as Anniversary dates listed in this Article and in Schedule I of the contract during negotiations of a successor agreement and including after expiration of an agreement. The increases listed in Schedule I shall be applied when they have reached the continuous years of service on their Anniversary date as outlined in Schedule I, including the change in their Anniversary date when moving from Title and Step and they shall not have to wait until the completion of negotiations for a successor agreement and/or the ratification of a successor agreement to receive the Title, Step and rate increases.

If a pay increase is negotiated in the successor agreement, those new increases will be applied to the Title, Step and hourly rates in this Article and in Schedule I and those employees that moved to another Title, Step and rate during negotiations of a successor agreement or after the expiration of the current agreement, shall receive the difference in the increase that was negotiated retroactive to the beginning of the contract year in which the new rate increase applies.

As an alternative an eligible employee may choose to have their longevity pay paid as part of their regular pay. An employee entitled to longevity shall have completed by January 1st of the year of incurment the necessary years of service or longevity stated as a percentage of his/her annual salary and shall be prorated to deduct those months during the year that the employee did not qualify for longevity.

(Examples: Employee has seven (7) years of service on March 31st. End of seven (7) years service equals three percent (3%) times three quarters equals longevity pay for the year of entitlement).

An employee at the end of the years service hereinafter stated shall be entitled to a payment equal to the percentage of his base pay as hereinafter provided:

End Of Years Service
